

Compliant & Efficient.

Electronic Driver Logs & DVIR

Provides the necessary tools to *improve driver safety* and *ensure compliance with FMCSA regulations*, while *eliminating the need of paper-logs*.

Monitors driver time conflicts and **stores DVIR records** with time/date. **Provides the opportunity to incorporate a fully compliant Driver Logs application** into existing suite of SMARTruck applications.

- **Paperless logs save time**, allowing for *faster entry and more miles*
- **Reduces errors and omissions** associated with manual record keeping
- Provides **real-time** and **paperless** compliance monitoring and resource management
- Promotes consistency, translating to *fewer form and manner violations*
- **Lowers your CSA Score**
